Peace of mind, by design.

STATUS: NEW YORK • UNITED STATES

ACQUISITION • MARKET ENTRY • MANAGEMENT • DIGITALIZATION

We buy, build, and run businesses — with you, or for you.

Jonis is an acquisition and management firm in New York, operating across the United States. One firm accountable — from the search to the signing to the running of what you own.

Peace of mind, by design.

RISK: EXPOSED

LEDGER: TRANSPARENT

YOUR_INTERESTS: ONLY

Buying a business is the most opaque purchase there is.

THE SELLER KNOWS

- FINANCIALS — REAL
- CONTRACTS — ALL OF THEM
- CUSTOMERS — WHO IS LEAVING
- PEOPLE — WHO WILL STAY
- LIABILITIES — WHERE THEY HIDE

THE BUYER SEES

- A TEASER
- A SPREADSHEET

The numbers arrive polished. The problems arrive after closing. Owners who are abroad or busy pay for that asymmetry — in money and in years.

Buy. Launch. Operate.

01 // ACQUIRE

Buy-side search & due diligence.

We find businesses that match your criteria, then take them apart before you commit — financials, operations, contracts, people.

RISK: **SURFACED**

02 // LAUNCH

Launch & market entry.

From zero — or arriving from somewhere else. Entity, branch, or franchise; premises, vendors, hiring — you open on plan.

MARKET: **ENTERED**

03 // OPERATE

Management & oversight.

Budgets controlled, managers held accountable, reporting on a set cadence. You own it; we make sure it behaves like it.

LEDGER: **VISIBLE**

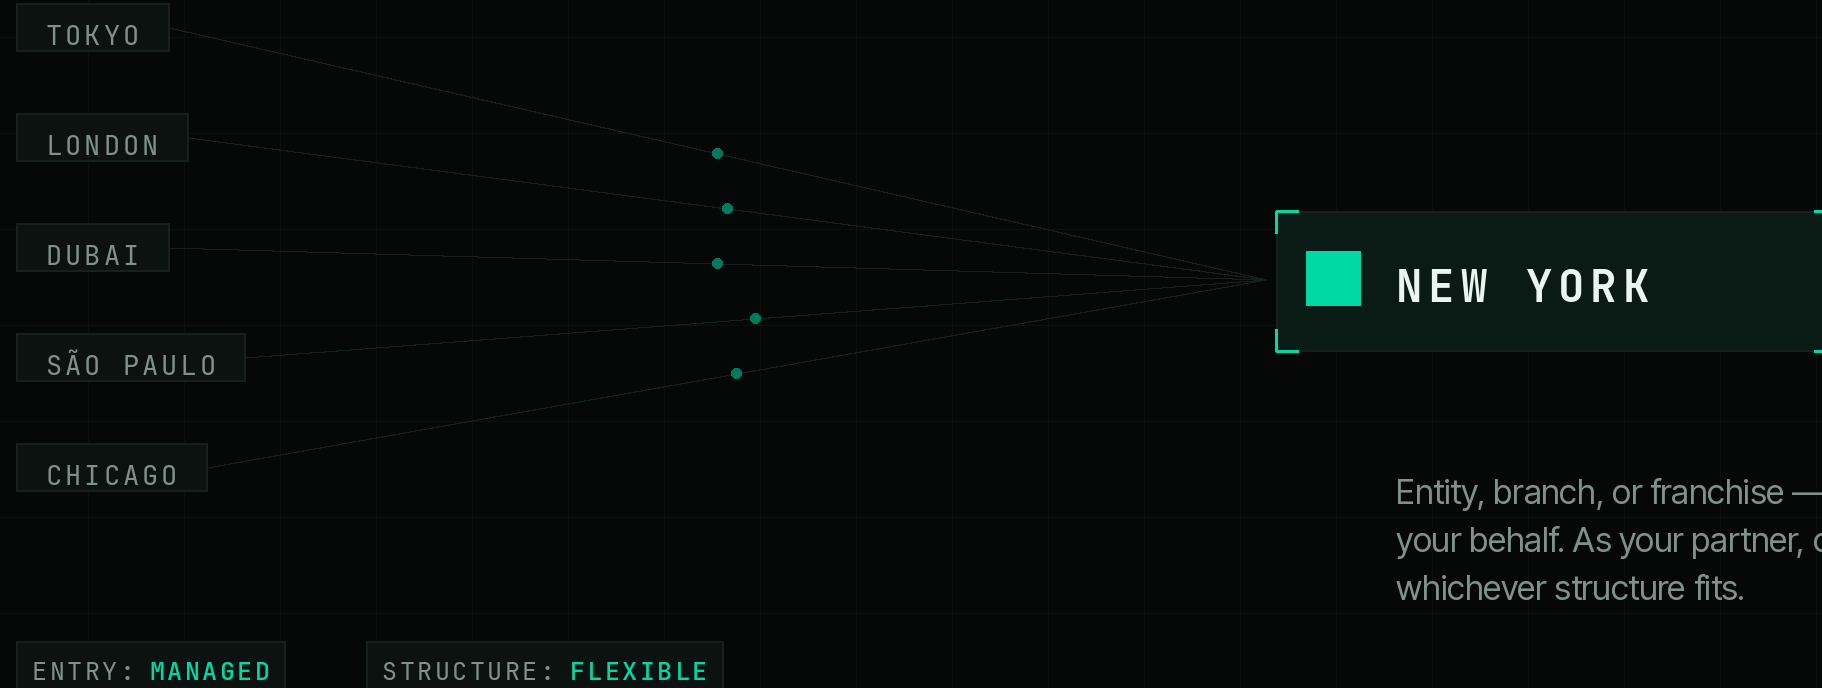

04 // ADVISE

Business consulting.

Advisory without a transaction — market entry, operations, turnaround planning. Straight answers, documented.

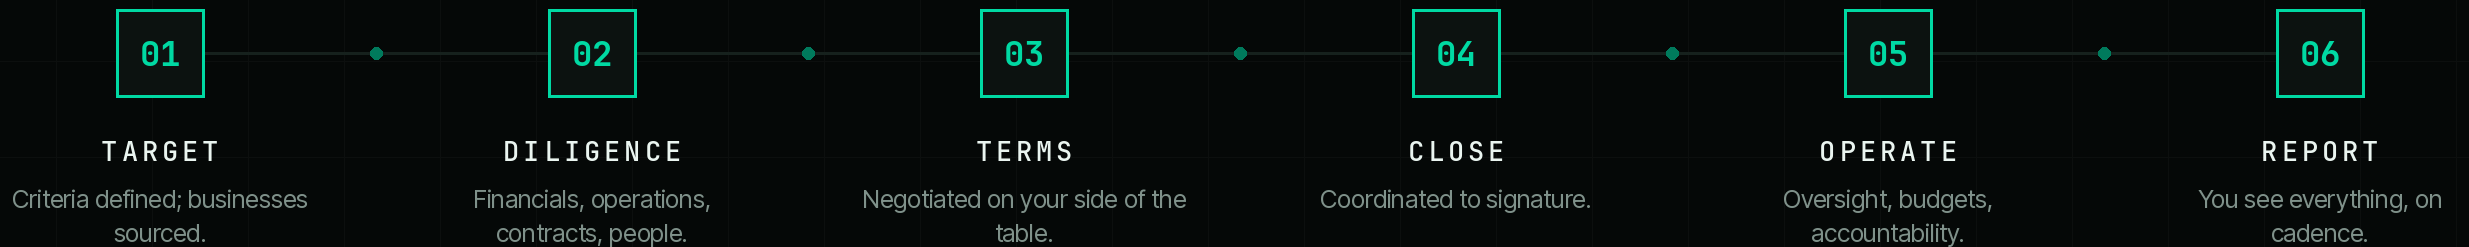

COUNSEL: **INDEPENDENT**

Already successful at home? Arrive here properly.

Entity, branch, or franchise — established, staffed, and run on your behalf. As your partner, or for a management fee — whichever structure fits.

Six steps. Zero surprises.

The same loop runs every engagement — acquisition, market entry, or ongoing operation. You decide; we execute and report.

Run by someone who has held the numbers before.

WE ANSWER ONLY TO YOU

Established on paper. Rebuilt in software.

Our primary practice is the digitalization of established businesses: software where the paper was, automation where the repetition was, and a digital presence worthy of the name they have already made.

OPERATION: **DIGITAL**

AUTOMATION: **THROUGHOUT**

PLATFORM: **YOURS**

You own everything we build.

Aligned either way.

MANAGEMENT FEE

A STRUCTURE IN BETWEEN

PARTNER — OUR OWN STAKE

In select engagements, Jonis invests alongside its clients. We work for a management fee, as your partner with our own stake, or a structure in between — aligned either way. When we believe in the deal, we can share the risk — ask us.

Three things never move.

Loyalty

We work only for you. Never for sellers. No one else pays us, refers us, or influences us.

ALLEGIANCE: **UNDIVIDED**

Transparency

Every number, every term, every decision — visible. Owners see what we see.

VISIBILITY: **TOTAL**

Discretion

We do not publish client deals, projects, or names.

RECORD: **PRIVATE**

JONIS SHAHIDI – FOUNDER

CONTACT@JONIS.CLOUD

EXPERIENCE	15+ years of project and business management on large international programs.
SCALE	Contract of nearly \$1B negotiated and signed.
BACKGROUND	Complex, multi-party engagements with many stakeholders and strict accountability.
MISSION	Bringing that discipline to the systems our clients run on: digital operations, automation, and the tools behind their businesses.

Jonis Shahidi has spent more than 15 years leading projects and businesses, including a contract of nearly \$1 billion. Now based in New York, he brings that discipline to digitalizing how businesses operate, personally, on every engagement.
